

# ORCID: integrating your author identifier to your workflows

October 26, 2021

ESHPM Research Data Management Awareness Campaign

Judith Gulpers  
Faculty Liaison for Philosophy and Psychology  
Member of the EUR Library ORCID team  
[orcid.library@eur.nl](mailto:orcid.library@eur.nl)

# Agenda

- Why ORCID?
- Why use ORCID when submitting a publication?
- Adding publications
  - Example: Europe PubMed Central
- Adding datasets from the EUR Data Repository
- Adding Peer review
- Recommended steps
- Questions

# Why author identifiers, why ORCID?

- It can be difficult to link publications to a researcher
  - Namesakes
  - Multiple names
  - Mistakes in the publication process
  - Matching algorithm of databases need help

- ORCID

- Au

- Us

- Su

- Is

- Yo

# ORCID

- ORCID iD - 16-digit persistent researcher identifier
- ORCID record – connect your ID to your affiliations, grants, publications, peer reviews etc.
- ORCID registry – ‘database’ of the ORCID records
- Wizards, Integrations and APIs to enable interoperability between an ORCID record and systems of member organizations

Why use ORCID when  
submitting a publication?

## Distributional consequences of including survivor costs in economic evaluations

Health Economics

☐ **PERMISSIONS** Add your published work(s) to your ORCID record 2021/05/06

Hi, we're Crossref. Our member publishers send us publication information (including ORCID iDs and DOIs), and we ensure that your work can be found, linked and cited. We would like to auto-update your ORCID record with information about these published work(s), starting today with those listed below, so you don't have to search for and add them manually, now or in the future. Please click 'Grant permissions' below to set this up.

Crossref would like your permission to interact with your ORCID Record as a trusted party.

ORCID®

Select the appropriate option below to associate an ORCID iD to your account.

Create an ORCID iD

Associate your existing ORCID iD

**Open Researcher and Contributor ID (ORCID)** is a non-profit organization dedicated to solving the long-standing name ambiguity problem in scholarly communication by creating a central registry of unique identifiers for individual researchers and an open, transparent linking mechanism between ORCID and other current author identifier schemes. To learn more about ORCID, please visit <http://orcid.org/content/initiative>.

# Adding datasets in the EDR to your ORCID record

# Datasets (in the EUR Data Repository)

## First step

- Connect your ORCID iD to your EDR account
  - Authorize access for figshare
- Check the ORCID settings in your EDR account
  - Mark Push data to my ORCID

## New Datasets

- When added to the EDR your ORCID iD is added to the metadata of the dataset
- Datasets will be added to your ORCID record by figshare

## Datasets already in the EDR

# My profile

## Configure ORCID

Once an option is switched to ON, the process will run automatically every time there is an update.

### Push data to my ORCID

Send my **published outputs** to my ORCID profile.

ON

### Pull data from my ORCID to my account

Add to the **Publications area** of my profile the publications from my ORCID account.

OFF

### Create draft records from my ORCID data

Create draft records in My data of any new publications added from my ORCID account.

OFF

# Datasets (in the EUR Data Repository)

## First step

- Make sure your ORCID iD is connected to your EDR account
  - Authorize access for figshare
- Check the ORCID settings in your EDR account
  - Mark Push data to my ORCID

## New Datasets

- When added to the EDR your ORCID iD is added to the metadata of the dataset
- Datasets will be added to your ORCID record by figshare

## Datasets already in the EDR

- Use the Search & Link Wizard from DataCite
- Authorize access for DataCite
- Find your datasets in DataCite Search – <https://search.datacite.org>
- Click Add to ORCID record under the dataset

# Adding peer review activities to your ORCID record

# Peer Review

# Peer Review

- Are added by 'trusted organizations' with your explicit permission
  - Organizer of the peer review OR
  - Third party review recognition service: Publons
- Publons – <https://publons.com>
  - Publons = Author profile from Clarivate (Web of Science)
  - Some publishers are Publons partners – reviews are added automatically to Publons
  - Previous peer reviews can be added
  - Grant Publons permission to update your ORCID works

A stylized, handwritten-style logo of the word "Erasmus" in a dark grey or black color, located in the bottom right corner of the slide.

# Recommended next steps

- Check your ORCID record
  - Add 'Erasmus University Rotterdam' under Employment
  - Add Name variants under 'Also known as'
  - Under Account settings, check the visibility preferences
    - Use Everyone as the default
    - Except for your e-mailaddress: Trusted parties
  - Under Account settings, check the notification preferences
- When asked, authorize Crossref to auto-update your record
- Provide your ORCID iD when submitting new articles, datasets, peer reviews etc.
- When you have time: update the Works section – add publications via Scopus, Europe PubMed Central and/or Crossref Metadata Search or manually

The Erasmus University logo, featuring a stylized, handwritten-style script of the word "Erasmus" in a dark color.
